—Mrs. Nellie, wife of John Noelsch, Jr., who has been very sick for several days, does not seem to improve very rapidly, and is yet dangerously sick.

—On Tuesday of last week, June 19, the Canon branch of creek, northwest of Forest City, was the highest that it has been in 15 years, the water almost going over the railroad track at the culvert at this point. Two small bridges were taken out, one near John Gallagher's, and one at Charles Meek's. Deputy Road and Bridge Commissioner, Wm. M. Morf, informs us that he went at once and viewed the washouts, and work was commenced at once on repairing them, and are likely now ready for travel. The high water was caused by a heavy rain, or rather a small cloud burst.

—William Soeman and wife visited in St. Joseph over Sunday, the guests of relatives.

—Hugh Harsha and mother have moved into the property he recently purchased from Edward Schneider.

—Mrs. S. O. Zachman and baby are the guests of her parents, Rev. Henry Crampton and wife, of Albany, this state.

—Mrs. Mollie Rice, of Des Moines, Ia., is visiting her uncle and aunt, Mr. and Mrs. E. M. Norris, and other relatives here.

—Judge H. T. Alkire is limping around with a cane, on account of stepping upon a rusty nail, which penetrated his right foot, making it pretty sore. The foot is now feeling better, and we hope that he will soon be all right again.

—The Latter Day Saints, or Reorganized Church of Latter Day Saints of Jesus Christ, are holding a series of meetings in a tent, just east of Cook's marble yard. The meetings have been fairly well attended. Elders Haden and Vaughn have been conducting the services.

### The Markets.

#### Special to THE SENTINEL:

KANSAS CITY, Mo., Wednesday, July 27, 1904.—Cattle supply this week has run from 2500 to 4000 per day, which is just about enough for present needs. Possibly a few more cattle could be used, as competition is keen, and higher prices are paid each day, gain for the week so far amounting to 20 to 30 cents. Packers claim they are in better shape than at any time since the strike set in. Besides this, orders from small slaughterers are more numerous every day, and the situation is getting better from day to day. Handy weight steers and good butcher stock is what is wanted; there is no place for common and canning stuff. Packers are not doing any canning, and order buyers do not want anything that cannot be placed on the block and sold at once. Top steers sold at \$5.90 this week, best heifers \$4.85, cows \$4.30, grass steers \$5.25, heifers \$3.50, cows \$3.20, veal calves up to \$5.00. Stockers and feeders have been dull for nearly three weeks, but begin to look up a little this week. Not many have been coming, but inquiry was ahead of the receipts yesterday, and prices strong to 10 cents higher, ranging from \$2.75 to \$4.50. Market today is strong on all kinds of cattle.

Hogs have been very erratic since the strike began, and made the sensational gain of 25 to 40 cents yesterday, putting the top at \$5.70, highest since last October. Supply today is 7000, just about the limit that can be used here at this time. Prices have settled back from the high notch of yesterday, and prices point to \$5.55 as top price, bulk at \$5.35 to \$5.50, and light weights up to \$5.45.

Hardly any sheep have been coming, but packers advise that they are in a position to handle 1000 sheep per day, and moderate shipments can be safely made. Not enough variety has been here for past two weeks to justify quotations, but \$5.85 has been paid for spring lambs, and some common ewes yesterday brought \$3.25. Stock and feeding sheep have ranged from \$2.50 to \$3.25.
